09:00 - 17:00

Prevention, identification and treatment of critical events in paediatric anaesthesia: "Out-of-APRICOT"

Strauss 2

**IMPORTANT NOTICE: access is limited to pre-registered delegates

Learning objectives

This pre-congress course is aimed at enhancing knowledge on identification and management of critical events in children undergoing anaesthesia. Based on the recently published APRICOT study, the "Out-of-APRICOT" course is designed to provide up-to-date literature evidence and practical recommendations on early identification and treatments of critical events in children.

Target audience: Trainees, fellows and junior consultants with specific interest in paediatric anaesthesia.

Chairs:

Walid Habre (Geneva, Switzerland)
Francis Veyckemans (Lille, France)

Interactive clinical case: The "difficult" child undergoing sedation for diagnostic procedures

Michael Brackhahn* (Hannover, Germany)
Karin Becke (Nuremberg, Germany)
Claudia Hoehne (Leipzig, Germany)

The art of sedation: goal, drugs and possible complications

Michael Brackhahn* (Hannover, Germany)
Karin Becke (Nuremberg, Germany)
Claudia Hoehne (Leipzig, Germany)

Coffee break

Interactive clinical case: The bleeding child

Walid Habre (Geneva, Switzerland)
Laszlo Vutskits (Geneva, Switzerland)
Andreas Machotta (Rotterdam, Netherlands)

Haemodynamic monitoring and fluid management in children

Walid Habre (Geneva, Switzerland)
Laszlo Vutskits (Geneva, Switzerland)
Andreas Machotta (Rotterdam, Netherlands)

Lunch break

Interactive clinical case: The child with difficult airway

Peter Gunnar Mikael Frykholm (Uppsala, Sweden)
Britta Von Ungern-Sternberg (Subiaco, Australia)
Tom Giedsing Hansen (Odense, Denmark)

The difficult airway algorithm and common airway complications

Peter Gunnar Mikael Frykholm (Uppsala, Sweden)
Britta Von Ungern-Sternberg (Subiaco, Australia)
Tom Giedsing Hansen (Odense, Denmark)

Coffee break

Interactive clinical case: The child undergoing major surgery

Francis Veyckemans (Lille, France)
Torsten Lauritsen (Copenhagen, Denmark)
Per-Arne Lönnqvist (Stockholm, Sweden)

Pain management: systemic analgesia vs regional blocks

Francis Veyckemans (Lille, France)
Torsten Lauritsen (Copenhagen, Denmark)
Per-Arne Lönnqvist (Stockholm, Sweden)
