

W	USRAW5 Workshop	Monday, 3 June 09:00 - 12:00	<b>Ultrasound guided regional anaesthesia workshop (5) – blocks of the trunk</b>	Harp Hall
---	--------------------	---------------------------------	--	-----------

**\*\*IMPORTANT NOTICE:** access is limited to pre-registered delegates

**Learning objectives**

These half-day hands-on ultrasound workshops will focus on the basic skills in ultrasound techniques relevant to anaesthesiologists. Each workshop includes a short anatomical lecture followed by expert-led practice on living models and phantoms.

After the session, participants will have acquired the basic skills in ultrasound-guided regional anaesthesia of the upper and/or lower limb and/or the trunk.

The workshops will be run by the best available experts in ultrasound-guided regional anaesthesia from Austria, host country of Euroanaesthesia 2019.

*Target audience: Residents, fellows, physicians interested in regional anaesthesia and chronic pain medicine.*

**Chair:**

Gerhard Fritsch (Vienna, Austria)

**Station 1: Quadratus lumborum blocks**

Franz Josef Nierscher (Vienna, Austria)

**Station 2: Pain blocks**

Rudolf Likar (Klagenfurt, Austria)

**Station 3: TAP and rectus sheath blocks**

Johann Blasl (Vienna, Austria)

**Station 4: PECS and serratus plane blocks**

Eberhard Reithmeier (Feldkirch, Austria)

**Station 5: Neuraxial blocks**

Natascha Ahyai (Vienna, Austria)

**Station 6: Paravertebral block**

Jürgen Nawratil (Salzburg, Austria)

W	USRAW6 Workshop	Monday, 3 June 14:00 - 17:00	<b>Ultrasound guided regional anaesthesia workshop (6) – blocks of the trunk</b>	Harp Hall
